*This document is a comprehensive Summary of Laws passed by the 2007 Indiana General Assembly, including the 238 bills (120 Senate Bills and 118 House Bills) passed during the Legislative Session completed on April 29, 2007. Four of these bills were subsequently vetoed by the Governor, each is marked in the summary. The bills have been categorized by general subject matter, as listed in the Table of Contents. *Many of the bills passed could have been categorized under several related headings in the Summary. In order to limit the length of the Summary book, the complete digest has been included under only one heading, and a cross reference to the bill has been included under additional related topic headings. These other bills are noted by bill number, with the subject heading under which they appear in the Summary noted in brackets below the bill number and brief description.*

Additional Senators and Representatives who co-authored or co-sponsored the bill are not reflected here but can be found under "Bills and Resolutions" on the General Assembly home page or by contacting the Legislative Information Center:*

*\*\* This summary appears in a different format because it was prepared by the Senate Majority Fiscal Staff and contains more detail than the standard bill digest.*

- HEA 1510 originated from a desire to legitimize ongoing practices and to correct non-statutorily authorized activities of legitimate organizations historically allowed by the Department of Revenue.
- Current law is inconsistent as it provides certain benefits and exemptions only to particular types of qualified organizations, but does not do so for others. HB 1510 attempts to even the playing field for all organizations and the events they are allowed to conduct.
- There are some policy issues in HEA 1510 that were brought to the legislature by the Indiana Gaming Commission requesting guidance with the intent that at the end of session, the Gaming Commission will be strictly enforcing the law. These issues include:
  - ▶ Full Time Employees—The use of full time employees is commonplace and may be necessary for qualified organizations to conduct allowable events. HEA 1510 sanctions the use of full time employees to conduct the events.
  - ▶ Pull Tabs, Punchboards, and Tip Boards (PPT)—Historically, the Department of Revenue allowed the daily sale of PPT's, primarily to fraternal and veterans organizations. HEA 1510 creates an annual PPT license that codifies previous practices.
  - ▶ Charity Game Night License—HEA 1510 creates an annual charity game night license that can be granted to civic and veteran's organizations which have been in existence for 10 years or more. This license allows a qualified organization to conduct these events three times a week on not more than two consecutive days. This legitimizes many organizations' Texas Hold 'Em tournaments that are currently conducted without a charity game night license.
  - ▶ Annual Raffle License—Under existing law, an organization must obtain a single license for every individual raffle event held or one license to conduct five events over the course of a year. In 2006, the Office of the Attorney General (OAG) rejected the Gaming Commission's attempt to re-promulgate an existing Dept. of Revenue regulation which administratively created the equivalent of an annual raffle license. The OAG cited insufficient statutory authority as its reason for the

rejection. HEA 1510 creates an annual raffle license that permits a qualified organization to conduct three raffles a week on not more than two consecutive days.

- ▶ Candidate Committee Events—Existing law only allows candidate committees to conduct a raffle. HEA 1510 will allow a candidate committee to also conduct a door prize at that raffle event.
  - ▶ Rent Limitation—Existing law restricts a qualified organization from renting a facility in excess of \$200/day. This posed a hardship for certain organizations conducting events that, by their nature, required a facility that cost more. HEA 1510 eliminates this restriction. However, a qualified organization will not be allowed to deduct more than \$200 for purposes of arriving at the organization's net proceeds or license renewal fees.
  - ▶ HEA 1510 also clarifies existing law to provide that card games cannot constitute a bona fide game of skill thereby eliminating a potential defense for someone accused of gambling in a card game.
- HEA 1510 also seeks to crack down on illegal gaming in Indiana. These changes make it clear that the state and the Gaming Commission are serious about enforcing the state's laws:
    - ▶ Specifically outlaws cherry masters, video poker and similar machines from public places. This change makes it illegal to possess these machines regardless of whether or not they pay out (current law was tough to enforce because it was difficult to determine whether or not there was a payout involved). Some estimate there are as many as 20,000-30,000 such machines placed across the state.
    - ▶ Creates 16 new gaming commission officers to assist in enforcing the state's illegal gaming laws.
    - ▶ Creates a new "License Control Division" within the Indiana Gaming Commission to provide administrative enforcement actions. This division will have the authority to pursue revocations of charity gaming licenses, as well as retail, alcohol and tobacco permits for illegal gaming activities (they cannot unilaterally revoke licenses). The division will not have any involvement in the prosecution of illegal activities—this will remain with local prosecutors.
    - ▶ Funding for the License Control Division and the additional Gaming Commission officers will be paid from the Charity Gaming Enforcement Fund.

Requires a licensee in each state fiscal year to devote to horse racing purses and certain other purposes an amount equal to the lesser of 15% of the adjusted gross receipts from slot machine wagering or \$85,000,000 plus inflation. Specifies the distribution of this money. Specifies that beginning with the first year in which slot machine wagering is allowed, the riverboat admissions tax revenue otherwise distributed to the Indiana horse racing commission is reduced each state fiscal year by the money that is dedicated to purses, breed development, and horsemen's associations. Provides that the first \$250,000 (from each racetrack) of the money is to be deposited in the gaming integrity fund. Provides that money distributed to a horsemen's association may not be expended unless the expenditure is for the purposes specified in statute and is either for a purpose promoting the equine industry or equine welfare or is for a benevolent purpose that is in the best interests of horse racing in Indiana. Requires a horsemen's association to: (1) annually file a report with the Indiana horse racing commission concerning the use of the money; and (2) register with the Indiana horse racing commission. Allows a slot machine facility to be licensed under the alcoholic beverage laws under the same conditions as a riverboat. Provides that the commission shall establish goals for permit holders concerning contracts for goods and services with minority business enterprises and women's business enterprises. holding a riverboat owner's license may not move the person's riverboat from the county in which the riverboat was docked on January 1, 2007. Provides that the commission may by rule determine the point at which a person is considered to be admitted to a gambling excursion or admitted to a riverboat, for purposes of collecting the riverboat admissions tax. ### **Funding Mechanism: 44-Cent Cigarette Tax Increase**

- Increases the state's cigarette tax by 44 cents, bringing the total to 99.5 cents/pack. Of the 44 cents:
  - ▶ 33 cents: \$11M to fund immunizations for children and remaining funds to go to health insurance plan.
  - ▶ 2 cents: Funds to go toward an increase in physician reimbursement.
  - ▶ 1 cent: Funds to go toward an increase in dental reimbursement.
  - ▶ 5 cents: Funds to go toward other health initiatives (including \$1.2M for ITPC).
  - ▶ 3 cents: Funds go toward an employer's Section 125 Plan.
- Indiana's current rate of 55.5 cents ranks 37th highest in the nation.
- Cigarette tax rates of Indiana's neighbors:
  - ▶ Michigan: \$2.00 (4th highest)
  - ▶ Ohio: \$1.25 (19th highest)
  - ▶ Illinois: \$0.98 (24th highest)
  - ▶ Kentucky: \$0.30 (46th highest)

### **The Indiana Check-Up Plan**

Target Group: 367,000 Hoosiers

- Uninsured, non-disabled parents of Medicaid/CHIP children from 22%-200% federal poverty level (FPL).
- Pregnant women up to 200% FPL.
- Subject to approval for federal financial participation, the following group will be covered:
  - ▶ Childless adults under 200% FPL.
- Participants must be: U.S. citizens, Indiana residents for 18 months, uninsured for 6 months, and not eligible for employer sponsored health insurance.
  - ▶ If an individual has access to employer-sponsored health insurance, and would qualify for the health plan based on income, FSSA may develop a premium assistance program.

NOTES: (1) This is not an entitlement program, and the number of individuals who may participate in the plan is dependent upon the funds appropriated for the plan. (2) Money in the fund does not revert to the state general fund at the end of any fiscal year. (3) For a family of 4, 200% FPL equals \$40,000. (4) The cost of the program is \$4,330 per individual.

#### Benefits:

- Preventive services of \$500 a year that are free to the participant
- A POWER Account (similar to an HSA) valued at \$1,100 per adult to pay for initial medical costs. Contributions to the account are made by the State and each participant based on a sliding scale (see below). An employer also may contribute. Coverage starts once the individual makes his/her first premium payment to the POWER Account.
  - ▶ The State shall contribute the difference into the individual's account if the individual's required contribution is less than \$1,100.
  - ▶ An employer may not contribute more than 50% of an individual's required contribution to the POWER Account.
- Sliding scale for individual contributions (based on % of gross family income):
  - ▶ 0-100% FPL: 2%
  - ▶ 100%-125% FPL: 3%
  - ▶ 125%-150% FPL: 4%
  - ▶ 150%-200% FPL: 5%
- No copays or coinsurance beyond the requisite individual contribution except for inappropriate use of ER copay (subject to appeal)
- A commercial benefits package after annual medical costs exceed \$1,100
- Services include: hospice, preventive services, family planning (not abortion or abortifacient), and case and disease management
- Vision and/or dental coverage can be purchased as a rider. Individuals will pay 50% of the premium for these services, but their contribution to the POWER Account and for these riders will not exceed for 5% of gross family income.
- If all age, sex and pre-existing condition appropriate preventive services are completed, all (State and individual) remaining POWER Account funds will rollover to offset the following year's contribution.
  - ▶ If preventive services are not completed, only the individual's prorated contribution (not the State's) to the account rolls over.
- Mental health coverage is similar to coverage for physical health, and includes substance abuse treatment, inpatient, outpatient, and drugs
- Dependents are covered under the health plan up to 24 years of age

#### Buy-in Options:

- Any individual below 200% FPL that qualifies for the program, but is not eligible because the plan has reached maximum enrollment, can purchase the plan at the Indiana Check-Up Plan rates. The individual will be responsible for the entire cost and the State will offer no subsidy
- If the individual is high-risk, then he/she will be referred to ICHIA and will have to pay the full price of the new Indiana Check-Up Plan-ICHIA program.
- An employee can buy into the health plan at full price if his/her employer has not offered employer-sponsored health insurance in 6 months. The price will be determined by standard underwriting guidelines. The State will offer no subsidy.

#### Termination and Late Payments:

- If an individual does not make a payment within 60 days, he/she is terminated
- If an individual is terminated, he/she cannot reapply for 12 months
- In an individual is terminated or deemed no longer eligible, he/she gets back his/her prorated contribution

- If an individual chooses not to renew participation in the plan, the individual may not reapply to the plan for at least 12 months.

#### Administration:

- Medicare rates for hospitals, doctors, and dentists
- 15% cap on administrative expenses (with FSSA discretion)
- Non-entitlement program
- State fully funds its portion of the POWER Account upfront

#### High Risk Individuals:

- Creates a new category of the Indiana Comprehensive Health Insurance Association (ICHIA) and allows FSSA to provide Hoosiers with significant and costly health care issues with insurance through ICHIA so that disease management services may be obtained

#### Cultural Competency:

- An insurer or HMO that has contracted with FSSA to provide health insurance under the Indiana Check-Up Plan must incorporate cultural competency standards that include standards for non-English speaking, minority, and disabled populations.

#### Indiana Check-Up Plan Task Force:

- Establishes a task force to study, monitor, and make recommendations to the state concerning the program.
- 4 members shall be appointed by the Speaker of the House of Representatives; 4 members shall be appointed by the President Pro Tem of the Senate; 4 members shall be appointed by the Governor.
